

Marina Chukhlib

JUNIOR FULL STACK DEVELOPER

I am a junior full-stack developer actively looking for a remote full-time position. I have a solid understanding of HTML, CSS, JavaScript, React, React Native, and Node.js. Development, practice and work for the result are important for me. I possess the ability to effectively analyze problems and devise solutions, ensuring precise troubleshooting and resolution of technical challenges.

PROJECT EXPERIENCE

Filmoteka, [Link](#) [HTML, SASS, JS, REST API, AJAX, Parcel]

An adaptive application for choosing movies and saving them to own user lists. I created the modal window with information about the selected movie. Role: Developer.

Web Studio, [Link](#) [HTML, SASS, JS, Parcel]

A website with a responsive layout, modal window and attractive design. Role: Developer.

Ice cream, [Link](#) [HTML, SASS, JS, Parce]

A website with a responsive layout, burger menu, modal window, and nice design wish animation elements. Role: Developer.

YourPet, [Link](#) [HTML, CSS, JS, React, Redux Toolkit, Node.js, Express, Mongo DB, Axios, MUI, Formik]

An adaptive application that posts ads for selling or giving pets into good hands or looking for lost pets. Registration and a personal account where the user can add cards with information about their pets is implemented. Role: Team Leader.
